I colori esposti sono indicativi e dal vivo possono apparire diversi.

Per la pulizia giornaliera utilizzare una spugna immersa in acqua calda e sapone neutro. Sciacquare con acqua pulita avendo cura di asciugare con un panno morbido o tessuto di spugna. Non usare solvente, candeggiante e detergenti chimici o spray per lucidare. In caso di macchie, si raccomanda di pulire, sciacquare ed asciugare il più in fretta possibile.
